

KLOVE is heard on 105.5, 89.1 and 100.9.

My family listens EXCLUSIVELY to this station on a daily basis.

It provides encouraging positive music.

If this station was replaced with LPFM I would not feel confident that there would be the same family-friendly programming that I have come to enjoy.

KLOVE provides opportunities for prayer support, promotes strong moral values and consistent positive music that gives honor to God.

Many people have been helped from committing suicide, given hope and learned about a personal relationship with Jesus Christ.

I have supported KLOVE with my financial gifts and prayer since 1996, as I believe this is a very important ministry for my family, church, friends, community, and city.
